

CARE HOME FINDER SERVICE

Weekly List of Known Vacancies

DATE: 19th December 2008

WEEKLY ISSUE No: 1002

The known vacancies in care homes for older people in the area are listed in alphabetical order, according to the type of home and district. To help users of the Care Home Finder Service 'Norwich District' has been expanded to 'Norwich & environs' to include suburbs of Norwich. The categories of home are listed in the following order: care homes offering personal care; care homes offering personal care and nursing : care homes offering nursing.

The vacancies in this list are supplied by Care Homes who are members of the Care Home Finder Service for which they pay an annual subscription for a fuller description of their vacancy. All homes are encouraged whether in membership or not to inform us of their vacancies, however vacancies of homes not in membership will appear in brief. Homes confirm their vacancy details weekly. A full list of homes in membership of the Service can be obtained from the County Office (address at the foot of the page). Most homes will be happy to supply their brochure on request and to arrange for you to visit them.

Please contact the staff of our Information and Advice Service if you would like to receive our fact sheets about looking and paying for care, or if you would like to discuss any related concerns. Agencies receiving this list are encouraged to photocopy and circulate it to anyone interested.

PLEASE NOTE: Unless otherwise indicated, all vacancies appearing on this list are available to clients of Social Services and are suitable for both men and women. Prices quoted are per person per week.

The Care Home Finder Service is available on our website www.acnorfolk.org.uk. The website is updated daily as we are notified of available accommodation, so log on now to view the latest vacancies.
